Programme Highlights

The course will provide you with an opportunity to:

- re-conceptualise the notion and importance of professional development of teachers;
- explore and critique professional standards for teachers;
- recognise and explore various innovative and creative strategies and ways of teacher learning and development;
- analyse the current status of professional development of teachers and their effect on student learning within school system/s and deliberate on suggestions for educational change; and
- discuss and critique the global emerging trends and paradigms in professional development of teachers for improved teaching and learning.
