2nd National Paediatric Critical Care Medicine Conference

Manuscript Writing Workshop

March 11, 2020 | 8:30 am-5:30 pm | Executive Dining Hall, AKU

Workshop Objectives:

- Write well-structured Abstract and manuscript for publication in peer-reviewed journals
- Avoid common language errors in scientific writing
- List common publication guidelines for peer-reviewed journal
- Conduct a literature search

Workshop Pre-requisites:

- Some prior research experience
- Basic English language skills
- Basic computer skills - MS Office (Word and PowerPoint)
- Submission of intended work of research. Participants will be building on this work during this workshop. This description could be based on an initial draft of a manuscript participants are working on, a term paper, project report, PhD or graduate thesis, FCPS dissertation or other similar document. Kindly note that this workshop will not cover data analysis skills. Participants are expected to have some basic results (written or in tabular form) which they could possibly use for writing the manuscript.

Who Should Attend:

Healthcare Professionals involved in Clinical Research (preference will be given to those who are associated in Paediatric Critical Care Medicine)

Credit Hours:

6 ACCME credits

Seats Available:

For 30 participants
