Literature Review (1000 words)

word limit 500 - 550 words

This section will show that you have studied the problem before venturing out to address it. In this section, highlight what others have said about the topic you are interested in.

What have others written about the topic you are interested in? (Reference to the national and international literature) Focus on main findings and debates.

ow does your research build upon or contribute to the existing body of knowledge?
word limit 150-200 words
Methodology (1000 words)
ere, please explain how you will go about finding the answers to your research question(s). You will ighlight your chosen research design and why that is a suitable way to find answers. Specify the type of data ou intend to collect to support your claim and how you will do it. Address any ethical considerations ssociated with your approach to data collection.
Vhat data will be needed? How will you collect it?
word limit 150-200 words

How will you find research participants/sample to answer your question(s)?

2

word limit 200-250 words
Discuss any ethical issues in the process of data collection? How will you deal with them?
word limit 100-150 words
How will you analyse your data?
word limit 100 words
