

THE AGA KHAN UNIVERSITY

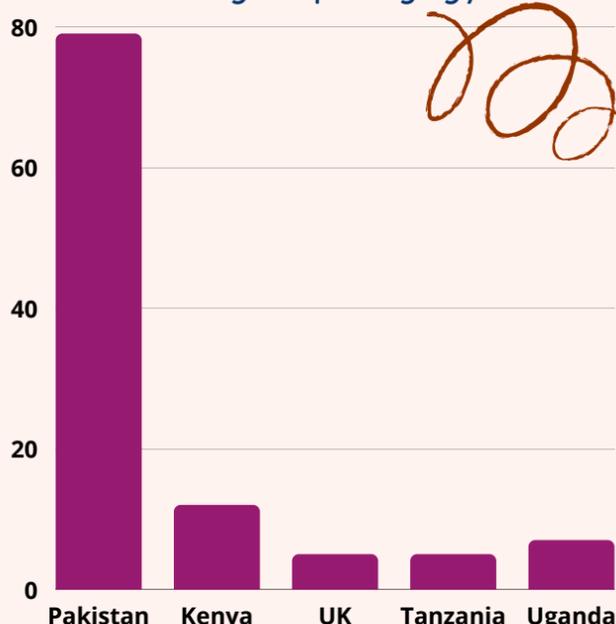

The Network of Quality, Teaching and Learning

DIGITAL BOOTCAMPS

Digital Bootcamps are short hands-on skills development sessions for faculty members held monthly to assist them in making their online and remote teaching interactive and enhance students' learning experiences. These sessions not just focus on the digital tool but are also enmeshed with the relevant digital pedagogy.

Participation by Location

Majority of the participation have been seen from Pakistan in 2021 followed by Kenya, Uganda, UK and Tanzania.

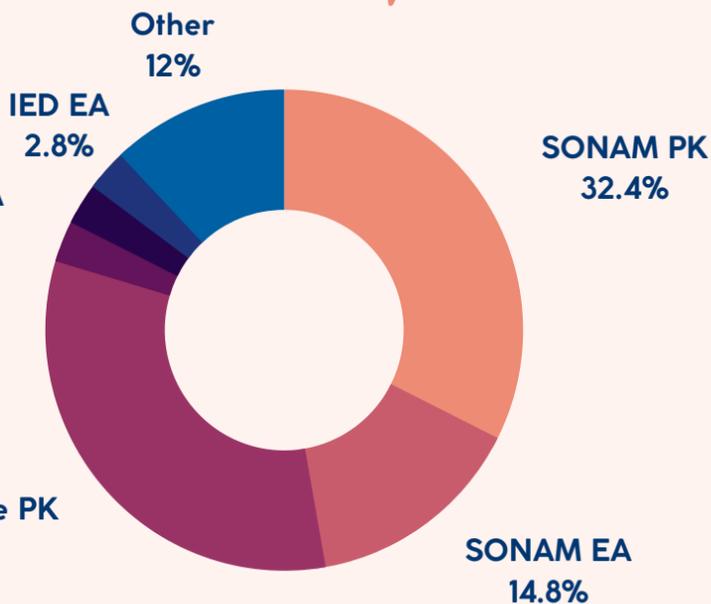

Participation By Entity

School of Nursing and Midwifery Pakistan and Medical College Pakistan have shown a keen participation in these sessions.

"I developed content for an asynchronous session using Panopto for the first time after attending the Bootcamp." (Digital Bootcamp Participant).

Medical College EA 2.8%

Medical College PK 32.4%

Male 20.49% Female 79.6%

Gender Participation

Not surprisingly most of our participants were female

"In my teaching, I used different strategies like Kahoot for assessment, Coggle for brainstorming activity." (Digital Bootcamp Participant)

IN 2022

We hope to see you in our upcoming Digital Bootcamps.

Co-facilitate with us

If you have used a digital tool in your online teaching that has helped you in engaging your learners and enhancing their learning experience do share it with us.
