

BEYOND THE CLASSROOM

JANUARY TO FEBRUARY 2023
VOLUME 01

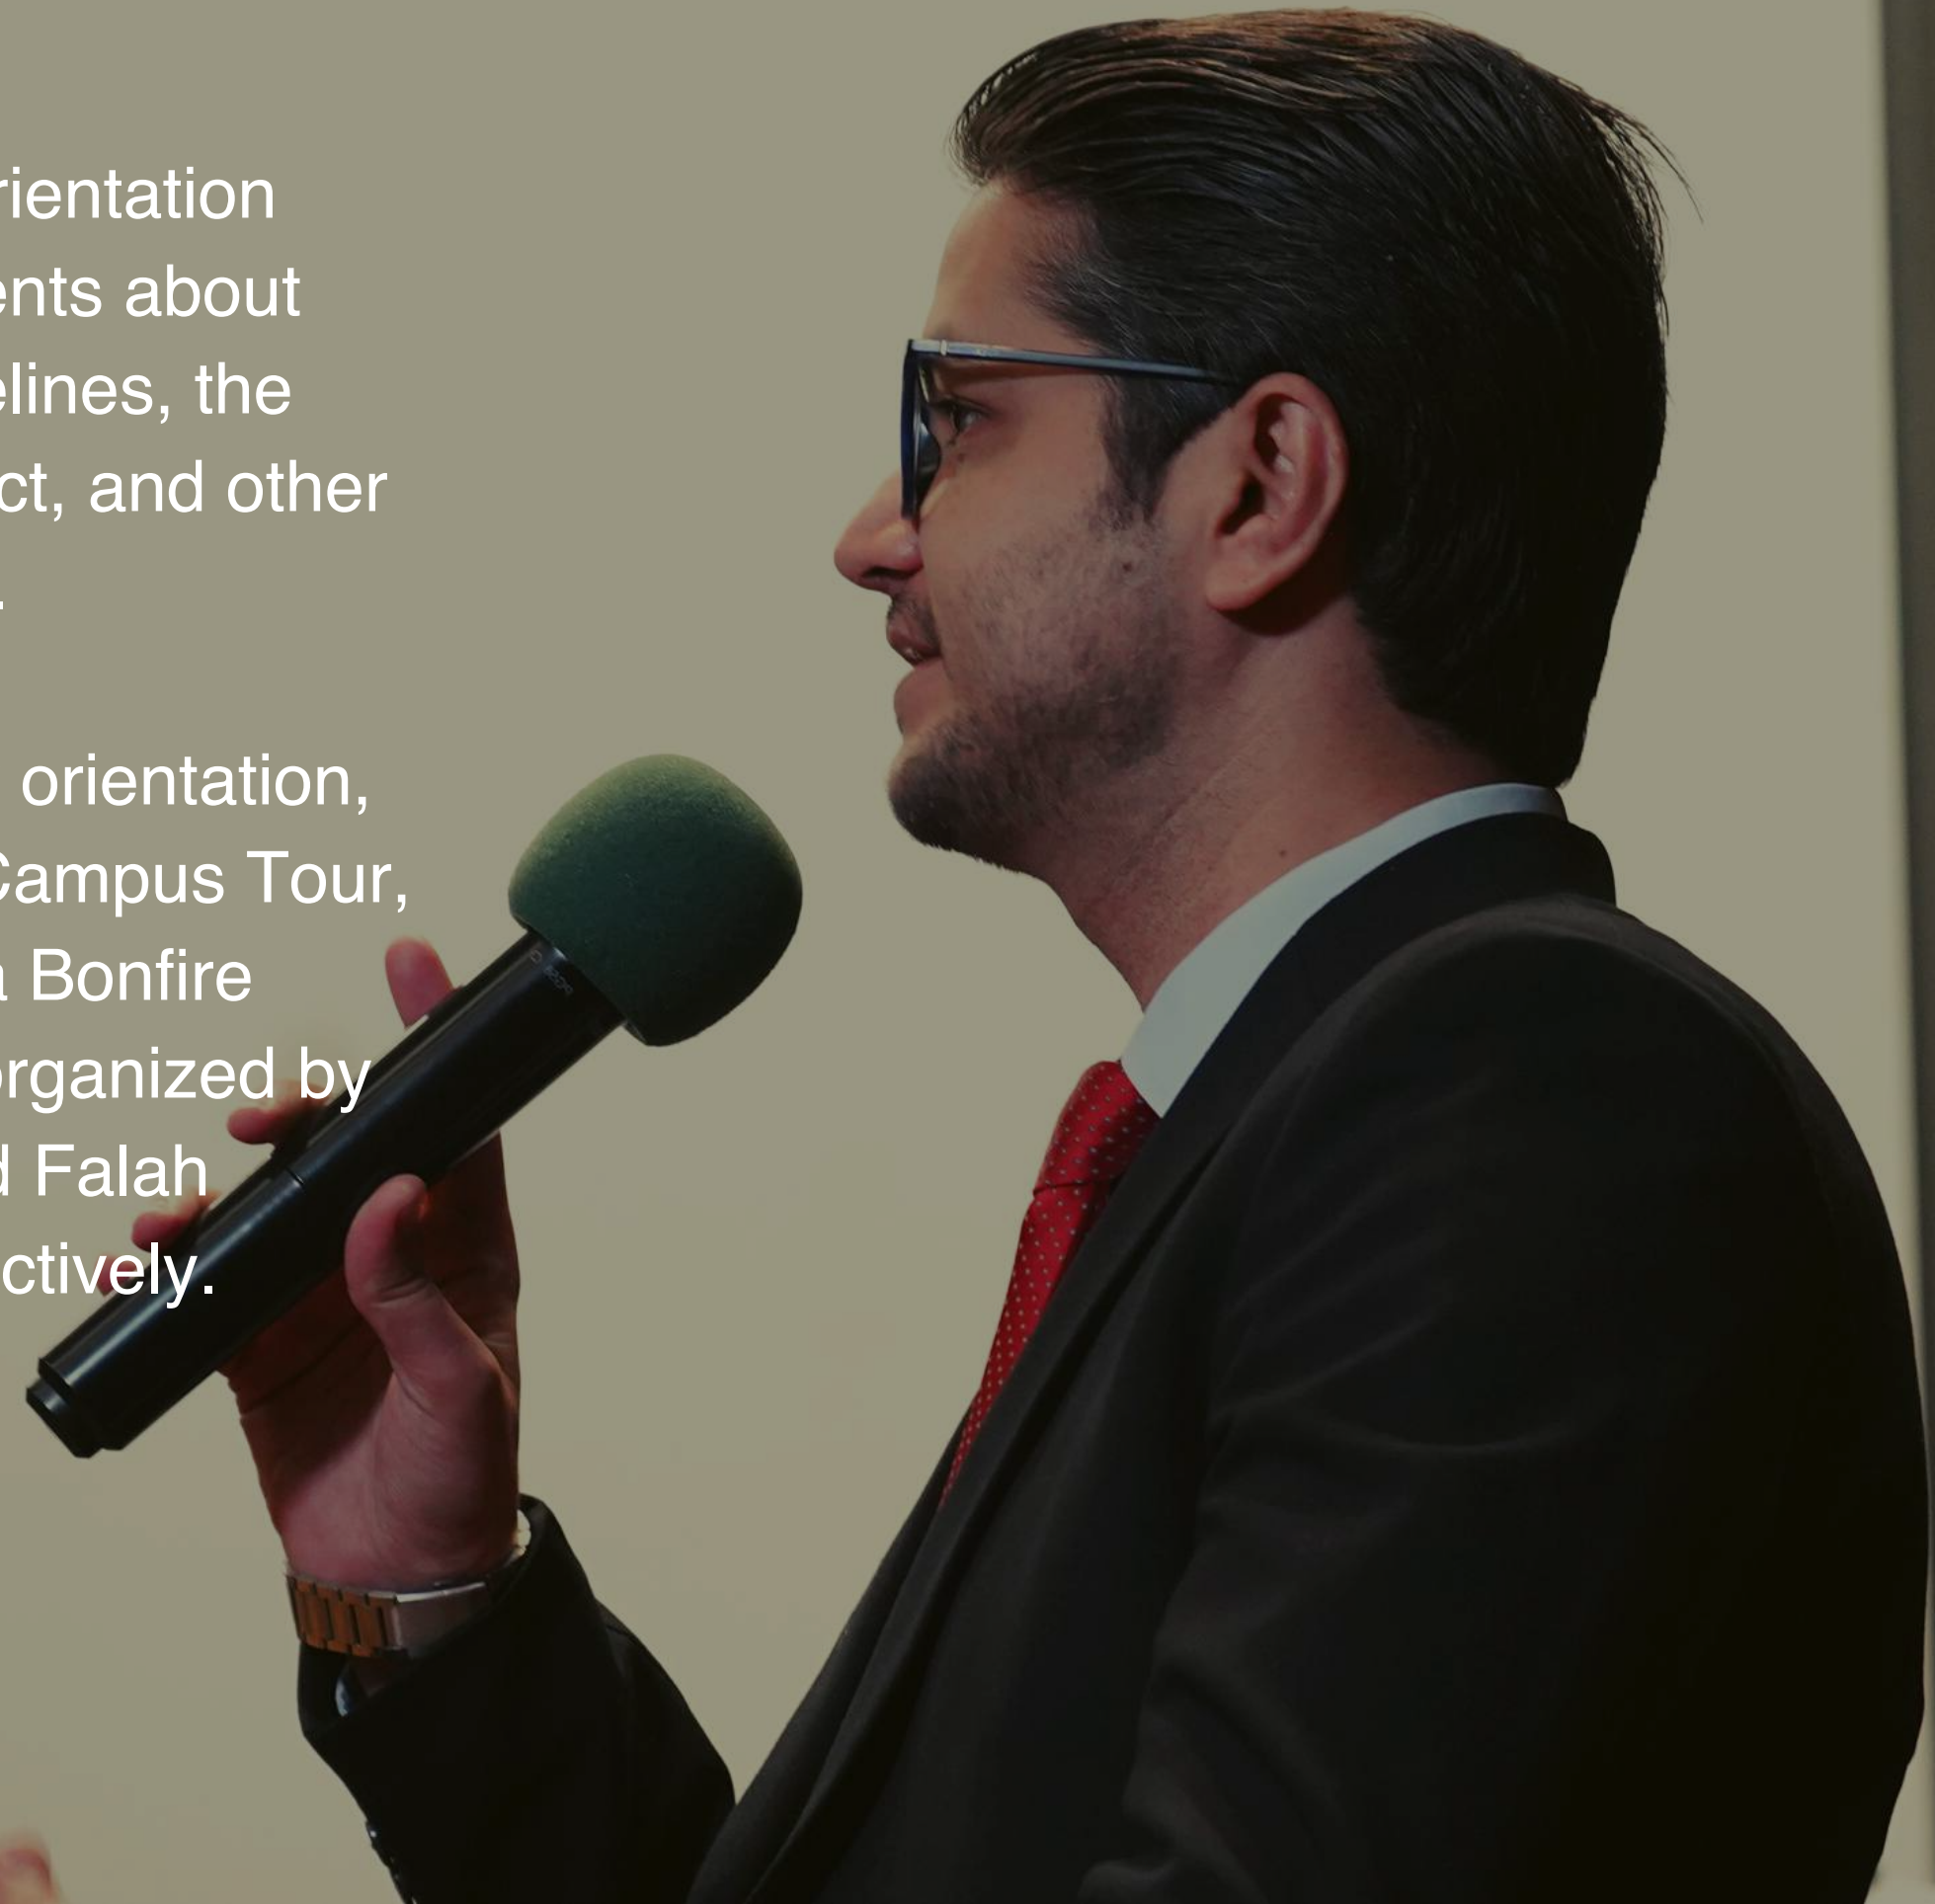

NEW BEGINNINGS

Student Affairs
and Services
Pakistan

The first-ever Unified Orientation Session educated students about AKU Policies and Guidelines, the Student Code of Conduct, and other services and guidelines.

Throughout the two-day orientation, students were given a Campus Tour, a Sports Evening, and a Bonfire event. All events were organized by the Synergy, Sports and Falah Student Societies respectively.

MBBS Orientation

The virtual orientation for the MBBS Class of 2027 commenced with warm welcomes by the University Leadership. Students partook in several interactive sessions that informed them of University Policies and Guidelines as well as the Student Code of Conduct, among others.

MBBS students arrived on Campus a month after their virtual orientation, and were greeted with an in-person orientation that saw them interact in several key sessions and take part in fun activities laid out by several student societies.

Hostel Welcome

The AKU family's newest members officially arrived at the hostels in the first week of the month, where they were welcomed by the Hostel Management Team and senior students. They were each gifted a goodie bag which included a welcome card, sweets, & souvenirs.

Senior students prepared fun-filled activities to make their transition into the AKU family smoother. The efforts of the team and students were highly appreciated by all in attendance

Sports Activities

The AKU Sports Society hosted a Futsal Tournament that included SONAM Men's and Women's teams competing in a thrilling three-day tournament

The Sports Society collaborated with the Office of Student Experience in organizing a bikeathon that saw over 70 students cycle from AKU Stadium Road Campus to McDonald's, Seaview.

Students went on a 40 km bike ride across Karachi in the early morning with cycling enthusiasts travelling in groups in an endurance cycling event.

The Boys and Girls Volleyball team played an exhibition volleyball match against a visiting team from the American School on February 20, 2023.

The Rowing Society at AKU is a group of dedicated students trying out the niche sport of Rowing! This is a fairly new activity that AKU has started to offer and, since its inception, has dominated the sport at the University level!

A hearty congratulations to the team who have gone on to win medals and earn respect as a dominant force across Karachi!

Spotlight

All new beginnings start with a farewell, and we bid adieu to our graduating classes of 2022. We wish them all the best and have high hopes and expectations for their futures.

Farewells

A special thank you to the Classes of 2023 and 2024, who worked tirelessly in organizing each farewell to honour their graduating seniors.
