

THE AGA KHAN UNIVERSITY
OFFICE OF STUDENT EXPERIENCE
STUDENT AFFAIRS AND SERVICES
Work and Study Programme

The blended and digital learning team was formed in January 2013 as a part of the Network of Quality, Teaching and Learning (QTL_net) in the office of the Provost to enhance the quality of teaching and learning through ‘uptake and application of information and instructional technologies associated pedagogies’ across AKU’s academic programmes. Since its establishment, the BDL team has provided support to faculty members in using technology in face-to-face, blended, and online teaching and learning environments. Supporting innovations in teaching and learning through technology is central to the mission of the network. As a part of the WASP, students will be provided with opportunities to work on academic innovations in partnership with faculty and add their voice to the process.

Important: The conditions are aligned with the AKU Work and Study Programme (WASP). Students may work up to 20 hours per month but not more than 50 hours during an academic year. Students will receive an honorarium when the task has been completed and the department involved will provide a ‘work’ completion certificate. The honorarium will be either credited to the student's account or, upon request, will be given in cash.

Office hours: Flexible in function of workload

Eligibility criteria: All students (Karachi), except the class that will graduate in the current year (Class of 2020).

Requesting Department & Reporting Relationship: Network of Quality, Teaching and Learning | Blended and Digital Learning team.

Complete and submit the application form – please see attached (**Use only this form**).

Send the filled application form and your CV to bdlnet@aku.edu by March 25, 2021

Only short-listed candidates will be contacted. An informal interview may follow.
